Friends of Perrysburg has a long tradition of serving our local community through fundraising and civic projects. Each member is expected to participate in these events. In which of the following events would you prefer to participate? Please check at least one.

**Fundraisers** – Each year, Friends of Perrysburg conducts one or two fundraisers that directly benefit local charities. Our past fundraising activities have been successful, thanks to the efforts of our members. The membership chooses the event and selects the charity in September or October.

**Civic Activities** – Friends of Perrysburg participates in civic activities throughout the year. These events are more hands-on activities such as adopting a family, clothing and/or food drives, volunteering at a local organization, or making donations to shelters and other organizations that provide important services to the community.
